## Professional Experience

### **Graduate Research Assistant**

*Member of the CBI Lab and R2R Lab at Arizona State University.*

As a member of the CBI Lab and R2R Lab at Arizona State University, I work as a research assistant where I attend weekly discussion seminars and meetings, as well as contribute to multiple ongoing projects and research. I am working on projects involving callous-unemotional traits as well as child language development and relational reasoning.

## **Research Volunteer**

*Volunteer member of the ELC Lab through Arizona State University*

As a research volunteer for the ELC Lab, I am working on ongoing projects regarding categorization and relational reasoning in children. I am preparing materials and will be conducting studies and coding data.

## **Course Assistant**

*Arizona State University - remote*

As a course assistant at Arizona State University, I help multiple classes in monitoring ongoing assignments and discussions. I assist in grading discussions, homework assignments, and quizzes.

## **Children's Research Triangle**

*Research Intern, Administrative Assistant, 2021- 2023*

At Children's Research Triangle, I worked as a research intern. My duties include meeting with supervisors weekly, collecting data, speaking to clients and families, entering data, checking data, and analyzing data. I contribute to the research team's federally funded grants and projects. I also worked as an administrative assistant, where I helped organized data and documents.

## **Practice Management Systems LLC**

*Group Therapy Assistant, 2021- 2022*

My role as a group therapy assistant was to gather residents for group therapy, take thorough notes on what each patient contributes to the discussion and their behavior, and to file these notes and send them to the main office.
